ORGANIZERS

Roberto Carlucci

Giulia Cipriano

Pasquale Ricci

Angelica Catacchio

SCHEDULE

13
WED

SPATIAL OVERLAPPING PET SPECIES - FISHERY INTERACTIONS

09:00 - 13:30

- Tommaso Russo (University of Rome Tor Vergata)
- Maria Silvia Labriola (University of Rome Tor Vergata)
- Carla Cherubini (CoNISMa - University of Bari)

14
THU

FOOD WEB MODELLING APPROACH

09:00 - 17:30

- Pasquale Ricci (University of Padua)
- Simone Libralato (National Institute of Oceanography and Applied Geophysics - OGS)
- Natalia Serpetti (European Commission, Joint Research Centre - JRC, Ispra, Italia)
- Daniela Cascione (Polytechnic University of Bari)

15
FRI

STRATEGIES FOR THE CONSERVATION OF PET SPECIES AND OPERATIONAL MEASURES

09:00 - 15:00

- Carlotta Mazzoldi (University of Padua)
- Pierluigi Carbonara (Coispa technology and research)
- Emanuela Fanelli (Marche Polytechnic University)
- Giorgia Corazzola (CoNISMa - University of Padua)
